Foreword

Thank you for agreeing to assess proposals submitted for funding from the Unlocking Curious Minds contestable fund 2019 investment round.

The Unlocking Curious Minds contestable fund, managed by the Ministry of Business, Innovation and Employment (MBIE), aims to encourage innovative, quality projects that enhance or broaden the connection and engagement of 'harder-to-reach' New Zealanders with science and technology. These guidelines detail what is involved in the assessment of Unlocking Curious Minds proposals and the role that you will play in that process.

Informed assessment of proposals is a critical aspect of MBIE's investment process, as it forms the basis of MBIE's funding decisions. We have selected you and other Assessors based on your knowledge and experience. You have not been selected as a 'representative' of a particular organisation or sector. The names of all Assessors and their affiliated organisations are published on MBIE's website.

The experience and expertise that you bring to the investment process is greatly appreciated. Thank you for supporting MBIE's science investment processes.

Dr. Prue Williams

GENERAL MANAGER,
Science System Investment and Performance
Ministry of Business, Innovation & Employment

Introduction

As an Assessor, you are critical in helping MBIE identify the proposals that have the greatest potential to deliver on the New Zealand Government's investment goals for the Unlocking Curious Minds contestable fund.

These guidelines detail the assessment process and the key roles and responsibilities.

We recommend that you read this document in conjunction with the Unlocking Curious Minds Contestable Fund Call for Proposals and other relevant information at <http://www.curiousminds.nz/ucm>.

If you have any questions, feel free to contact us.

Assessment Roles and Responsibilities

The following outlines the key roles and responsibilities involved in the assessment of Unlocking Curious Minds proposals.

Assessor

Your role as an Assessor is to assess a selection of proposals submitted for funding from the Unlocking Curious Minds contestable fund. Your key responsibilities include:

- > Participating in an Assessor briefing.
- > Declaring any conflicts of interest and adhering to MBIE's confidentiality and privacy policies.
- > Reading and assessing assigned proposals, allocating assessment scores that reflect your assessments (*using a 7-point scoring system against the assessment criteria*) and then recording your scores and supporting comments in MBIE's Investment Management System (IMS) – a secure online portal.
- > Attending an Assessment Panel meeting, where the preliminary scores and comments are reviewed, proposals are scored and ranked, and advice on the assessment results is recorded by MBIE. Note that the Assessment Panel does not have delegated authority to make funding decisions.

Lead Assessor

In addition to the responsibilities of an Assessor, you will be asked to be a Lead Assessor for a selection of proposals. During the Assessment Panel meeting, you then introduce and lead the discussion on those proposals.

Assessment Panel Chair

The Chair must:

- > Prioritise the discussion of the Panel meeting taking into account the preliminary ranked assessment scores and any advice from Assessors.
- > Identify and take appropriate action over conflicts of interest.
- > Allow time for informed discussion and equitable decision-making for proposals and mediate views if required.
- > Ensure that the Assessment Panel follows the scoring system and provides sound advice.
- > Ensure that the Assessment Panel develops appropriate commentary on proposals to inform funding decisions and to enable appropriate feedback to Applicants.
- > Provide a Panel report to MBIE.

Confidentiality and Privacy

To ensure confidentiality, as an Assessor you must:

- > Ensure the safekeeping of all proposals and related documents (*e.g., workbooks, notes, etc.*).
- > Destroy any remaining documentation or return it to MBIE at the end of the assessment process.
- > Not correspond with or discuss the contents or assessment of any proposal with the Applicant or any other party. If an Applicant contacts you about a proposal:
 - direct them to MBIE (curiousminds@mbie.govt.nz), and
 - email MBIE with the details of your contact.
- > Not use any confidential information for any purpose other than assessment.

4

All Assessors must agree to adhere to MBIE's confidentiality and privacy policies which apply to all personal information collected by MBIE in the IMS portal before they can view their assigned proposals.

Official Information Act 1982

Proposals and their assessments are confidential. Note however that MBIE is subject to the Official Information Act 1982 therefore information relating to an assessment may be released if requested.

Conflicts of Interest

MBIE follows a rigorous process to maintain the credibility of investment decisions and to assure Applicants that their proposals are fairly and reasonably appraised.

Before starting to assess, you must check your list of assigned proposals for any conflicts of interest and either accept or decline the assignments as appropriate (*see page 13 for details on how to do this*).

What is Considered a Conflict of Interest?

Conflicts of interest may occur on two levels; direct and indirect.

- > A **direct** conflict of interest would be deemed if you are:
 - directly involved with a proposal (*as a participant, manager, mentor, or partner*) or you have a close personal relationship with the Applicant, e.g., family members, OR
 - a collaborator or in some other way involved with an Applicant's work programme.
- > An **indirect** conflict of interest would be deemed if you:
 - are employed by an organisation involved in a proposal but you are not part of the Applicant's work programme.
 - have a personal and/or professional relationship with one of the Applicants, e.g., an acquaintance.
 - have or had involvement with a proposal that is in direct competition with a proposal being assessed or where the impacts proposed by a proposal under discussion may compete with your personal business interests.

If you are from a University or Crown Research Institute or other large organisation, you may assist in the assessment of proposals from that institution providing you have no direct or limited indirect interest in the proposal. If in doubt, declare and discuss with MBIE.

Reporting Identified Conflicts

All conflicts of interest must be declared to MBIE.

If you identify a clear and direct conflict with a proposal that has been assigned to you, you must decline the assignment. If you identify an indirect conflict, email MBIE at curiousminds@mbie.govt.nz with the details for further discussion before accepting or declining the assignment.

Handling Conflicts of Interest During the Assessment Panel Meeting

If there is a **direct conflict** of interest with a Proposal about to be discussed during the Panel meeting, declare the conflict to the Chair. You will be required to leave the room during the ensuing assessment discussion.

The actions required for a declared **indirect conflict** of interest is the discretion of the Assessment Panel chair; this could be to:

- > leave the room
- > stay but remain silent unless asked to respond to a direct question
- > contribute to the assessment of the proposal.

Should the Chair declare a conflict of interest with a proposal, a Deputy Chair will be appointed for the ensuing assessment discussion.

All conflict of interest declarations and resulting Assessor actions during the Panel meeting will be recorded.

The Assessment Process

The key dates and an overview of the assessment process follows.

Key Dates

Assessor briefing	5 September 2018
Proposals assigned	27 September 2018
Assessment recorded in the IMS portal	Noon, 17 October 2018
Assessment Panel meeting	25 - 26 October 2018
MBIE's General Manager, Science System Investment and Performance makes funding decisions	November 2018

All dates are New Zealand Standard Time

Time Commitment

We envisage your involvement in the assessment process to be as follows.

UP TO:	TO:
Half a day	Read through these guidelines and background documents., and participate in an Assessor Briefing via teleconference or in person
1-2 hours per proposal (est. 3 days)	Read your assigned proposals, assign scores and enter those scores with comment in the IMS portal.
2 days	Attend the Assessment Panel meeting in Wellington New Zealand.

Assessor Briefing

Prior to performing assessments, Assessors are required to attend a one hour briefing session via teleconference. The purpose of this session is to familiarise Assessors with the:

- > Tools and resources that are available to them including the online scoring system
- > Content of the call for proposals including the structure of the proposal form and the assessment criteria
- > Key changes to the process for the current round.

Information about this briefing will be sent to attendees separately.

How and When Proposals are Assigned

Proposals that meet the eligibility criteria are assigned to Assessors in part by aligning the proposal with Assessor expertise, availability and absence of any potential conflict of interest. Together with the number of proposals submitted, this alignment determines the type and number of proposals that are assigned to an Assessor. Each proposal is assigned to multiple Assessors, one of which is designated the Lead Assessor.

From **27 September**, MBIE will confirm your role and inform you of your assigned proposals by email.

You use MBIE's IMS portal to:

1. Log on to view your assignments, identify and notify MBIE of any conflicts of interest and then accept or decline your assignments accordingly.
2. Open (*download and/or print*) all assigned, accepted proposals.

Refer to page 12 for further instruction on the IMS portal.

How and When Assessments are Recorded

Your assessment scores and comments are recorded in the IMS portal. This must occur before noon, 17 October 2018.

Assessment Panel Meeting

The Assessment Panel meets in Wellington on 25 and 26 October 2018 to discuss the preliminary ranked assessment scores and supporting comments.

The Lead Assessor for a proposal introduces the proposal at the meeting. The Lead Assessor, and other Assessment Panel members assigned to the proposal, present their rationale for their scoring and any comments they have. The Lead Assessor also introduces any comments from Assessors not participating in the meeting. The entire Panel then discusses the proposal and preliminary scoring to arrive at a consensus score.

The Panel's discussion and moderation may take into account the mix of proposals that are considered for funding for local grants and regional/national grants, the distribution of proposals by region and local area, and the target groups. The split of the total available funding has not been fixed between the two different types of grants.

MBIE records the discussion, the consensus scores and the Panel's recommendations.

Recommendations and Funding Decisions

The Assessment Panel Chair will provide MBIE with a recommendation report as to which proposals should be funded. MBIE will then review the report and make decisions on how funding should be allocated to successful proposals. When making its decisions, MBIE will take into account:

- > the overall mix of proposals to ensure that there is a mix of delivery approaches
- > geographic locations
- > science and technology topics and projects that target a wide variety of groups
- > any other information that it deems relevant.

The final decision on the allocation of funding will be made by the General Manager, Science System Investment and Performance, Labour, Science and Enterprise, MBIE.

Results are publicly announced in **November 2018**. MBIE provides general feedback based on the Assessment Panel's comments about the overall quality of all proposals.

Performing Assessments

Use the following procedure to assess proposals.

The Assessment Steps

1 Read and understand the assessment criteria and the objectives and outcomes of the Unlocking Curious Minds contestable fund.

Read and understand the assessment criteria detailed in these guidelines. This includes the scoring guide and the objectives and outcomes of the Unlocking Curious Minds contestable fund (*see over*). The scoring guide and the points to note for each assessment criteria provide a common interpretation to clarify and help ensure consistency in application and understanding.

We recommend that you also read the Unlocking Curious Minds Call for Proposals available at <http://www.curiousminds.nz/ucm>.

2 Accept (or decline) assigned proposals.

Accept your assigned proposals or decline if you deem a conflict of interest exists (*see page 13 for details*).

3 Read assigned proposals (*see page 14 for details*).

4 Select an assessment score and record associated commentary.

Only assess the information presented in the proposal. Applicants are obliged to present the relevant information therefore if a proposal has obvious gaps, reflect this in your score and detail the significant issues in your comments.

As directed in your assignment, independently score each proposal using the assessment criteria (*see page 10*).

For each criterion, select a score ranging from 1 (*low quality*) to 7 (*high quality*) from the scoring grid that best matches your assessment **AND** how well the proposal would deliver on the objectives and outcomes of the Unlocking Curious Minds contestable fund.

While certain sections of proposals specifically align with the assessment criteria, evaluate the proposal **as a whole** before finalising your assessment.

Record your assessment scores in the IMS portal (*see page 14*) and comment on why you selected those scores. Your comments should also identify if applicable the specific reasons for a deficiency, particularly if you are recording a score of 4 or less.

Ensure that your comments are accurate, professional, honest, and correlate to the score and description associated with the scoring guide. Do not include names and be mindful that:

- if requested to do so, they may be made available under the Official Information Act.
- word limits for comments apply; these clearly display top left of each **Comment** field in the IMS portal.
- if assessing excellence, only comment on excellence, if assessing impact, only comment on impact.

Exercise your knowledge, judgement and expertise to reach clear and soundly based assessments that are fair, objective and evidence-based.

Be wary of 'drift' in your scoring. It is common for scoring to change as Assessors gain experience with the assessment process. If scoring has drifted you may want to review your scores and comments.

5 Destroy (or return to MBIE) all proposals and supporting documentation when the assessment process is complete.

Unlocking Curious Minds Contestable Fund Objectives

The Unlocking Curious Minds contestable fund supports projects that use innovative and/or best-practice approaches to help young New Zealanders aged 18 years and under, particularly those that have fewer opportunities to learn about and to engage with science and technology, by:

- > funding education and community outreach initiatives that focus on science and technology
- > broadening their ability to engage with science and technology
- > promoting the relevance of science and technology in their lives
- > supporting them to engage in societal debate about science and technology issues facing the country.

Unlocking Curious Minds Contestable Fund Outcomes

The outcomes of the Unlocking Curious Minds contestable fund are to have:

- > science and technology-competent learners, and a greater number of people choosing science, technology, engineering and mathematics career pathways
- > a scientifically and technologically engaged public and a publically engaged science sector
- > a more skilled workforce and more responsive science and technology to meet the needs of New Zealand.

10

The Assessment Criteria and Scoring Guide

To assess proposals, read and understand the assessment criteria and use the scoring guide on the following page to help form your assessment and determine a score.

The scoring guide and the points to note for each assessment criteria provide a common interpretation that aims to clarify and help ensure consistency in both application and understanding.

When conducting your assessments, exercise your knowledge, judgement and expertise to reach clear and soundly based decisions that are fair, objective and evidence-based.
